

RED Communion RED of GOODS

GEN3 |

RED Culture RED of GIVING

GEN3 | TEENS FOR UNITY

FROM THE GEN3 FORMULA

FROM THE GEN3 FORMULA

“*God gave us the goods of the earth to use for the service of all. Just as plants absorb from the soil only what they need to live, the Gen 3 boys and girls want to keep only what is necessary for themselves. They are committed to live the communion of goods, material goods, spiritual goods and their talents. They don't want anything to take God's place in their hearts.*”

“To reach their goal, the Gen3, together with the Teens for Unity, go through several ways called “**pathways**,” and they promote various **activities** and initiatives, **both at the local and world levels.**”

COMMUNION OF SPIRITUAL GOODS

RED PATHWAY

Communion of Experiences

Let's open pathways that lead to a United World

“It is very important to live the Word of Life. But that is not enough. **We are called to put our experiences in common.**”

“We live and spread the culture of giving to **counteract consumerism**. Through a communion of goods, we create **a net of love that unites youth from different countries of the world**. We gather funds to **support the education of youth** and for other needs.”

COMMUNION OF MATERIAL GOODS

TEENS4TEENS PROJECT

A Worldwide Communion of Goods

Micro projects for Solidarity

“We are fascinated by the marvelous page about the first Christians in Jerusalem. **They were of one heart and one soul. Nobody claimed for themselves what they had, and they had everything in common, and no one was in need among them.**”

“We support micro projects for solidarity called “**Teens4Teens**,” through which we support young boys and girls who cannot go to school due to difficult economic and social situations.”

THE HUNDREDFOLD OF THE GOSPEL

GLOBAL EMERGENCIES

“**Our giving will open God's hands** and he will fill us up abundantly.

Looking at the whole World

Whoever gives, whoever lives in love, will have the hundredfold in this life. This is how we can meet the immeasurable needs of many.”

“Another thing that we do is to see carefully, day by day, if there are natural disasters, such as: fire, earthquakes, floods or other disasters like wars. We gather funds by all means to **help boys and girls affected by such disasters**, to help them as much as possible and relieve their suffering.”
